Details of structural design for whole of the work or in part to facilitate call of tender in stages by the Corporation.

b) Obtain the approval of the Corporation to (a) and modify them whenever necessary and to all computations of all structural designs and all services designs which shall be in accordance with the latest IS codes of practice. Such detailed computation of all designs shall be made available to the Corporation for any check; the Corporation may like to exercise, before sanction of detailed estimates and call of tenders. Direct and co-ordinate the Architectural, Engineering and surveying work and prepare (with help of surveyors and other associates, as necessary) complete working details, schedules, specifications and bill of quantities to describe the whole project adequately for the purposes of taking the approval of the Corporation.

c) Prepare specifications, detailed cost estimate and such other details along with detailed calculation of all items of work for all work detailed in clause I {A (a & b)} & I {B (a & b)} and other works (as deemed fit for completion of the project)etc as may be necessary for the purpose of inviting Tenders, scrutinizing and tender , all professional services up to the time of handing over the possession of the projects.

III Construction Stage

Formatted: Font: 12 pt, Bold, No underline, Complex Script Font: 12 pt, Bold

a) Supply to the Corporation Soft Copy and five sets of Hard copies of the detailed drawings, free of charge for use during execution of work.

b) Supply to the Corporation such further drawings, specifications or details which may be required for proper execution of the work as and when required by the Corporation.

c) Obtain Corporation's approval for any material, deviation in design, cost, working drawings, schedule and specifications from the approved scheme.

d) Visit the site of work and provide periodic supervision at least twice in month.

e) Execution of the works & submit progress report and also verify & certify bills.

IV. <u>Completion Stage</u>

a) Prepare completion drawings on suitable scale including scale plans, elevations and cross sections, etc. indicating the details of the buildings and services as completed, and supply 2 sets of completion drawings to the Corporation and also hand over the originals of the completion drawings to the Corporation.

b) Assist the Corporation in arbitration/litigation case that may arise out of the contract entered into in respect of above work, regarding clarifications/interpretations, supply of drawings, designs, specifications as and when required.

V. Payment of Remuneration:

a) The Consultancy fee:

The Corporation agrees to pay to the Structural Consultant for the comprehensive professional services to be rendered by them as herein above described at Clauses (I, II, III & IV) as at Annexure-III.

b) The fee quoted shall not be altered if there any deviations and any raise in the cost of the work.

c)	**Mode of Payment**	Percent of payment released
i)	On submission of Concept Structural and Civil Engineering drawing based on item 1A (a,b,c)	15%
ii)	On submission of complete set of working drawings of Civil, Structural, Electrical, Water supply and plumbing.	30%
iii)	On submission of Detailed Estimate, BOQ & Tender document for Selection of contractors	15%
iv)	Supervision of site and giving periodical instructions to the contractor and advice the client {Item III (a to d)}	30%
v)	Preparation of as built drawings and service drawings After completion of work as clause {Item IV(b)}	10%

Payment against item No.(v) i.e. Supervision charges (including travel Expenses) will be paid 2.5% for two months and total of 30% or as and when necessary to clarify any decision or interpretation of the drawings and specifications that may be necessary and attend conferences and meetings, as and when required

NOTE:

The total fees shall be calculated on the basis of slab and / or Roof covering Area . The gross amount of fee charges shall not be subject to any alterations.

VI. Security Deposit

An amount equivalent to 10% (Ten percent) of the total amount payable to the Structural Consultant shall be put withheld progressively from each bill towards the Security Deposit for fulfilling the terms of contract faithfully and honestly. The Security deposit will be refunded after the completion of the project in all respect and submission of completion certificate from the Corporation, if required.

VII. Additions & Alterations:

i) The Corporation shall have the right to request in writing for additions, alterations, modifications or deletions in the design and drawing of any part of the work and to request in writing for additional work in connection therewith and the Structural Consultant shall comply with such requests.

i) That if the Corporation deviates substantially from the original scheme which involves for its proper execution extra services, expenses and extra labour on the part of the Structural Consultant for making changes and additions to the drawings, specifications or other documents due to rendering major part or whole of his work anfractuous, the Structural Consultant may then be compensated for such extra services and

expenses on quantum merit basis at percentage applicable under this agreement and to be determined mutually unless such changes, alterations are due to Structural Consultant's omissions and/or discrepancies, including changes under clause I (A) & (B), II (c) & (d) due to changes required by Structural Consultant/ Engineer of all internal, external services. The decision of the Corporation shall be final on whether the deviations and additions are substantial as requiring any compensation to be paid to the Structural Consultant s. However, for the minor modification or alteration which does not affect the entire design, planning etc., no amount will be payable.

iii) If it is found after call of tenders that the acceptable tender is not within the amount sanctioned, the Structural Consultant shall, if so desired by the Corporation, take steps to carry out necessary modifications in the design and specifications to see that the tendered cost does not exceed the amount of corresponding sanction by more than 5% (five percent). The Structural Consultant shall not be paid anything extra for such modification. If the Corporation is convinced that the trend of the market rates is such that the work cannot be done within the amount of sanctioned estimate, the Structural Consultant shall submit a revised estimate expeditiously for obtaining sanction of the Corporation.

iv) The Structural Consultant shall not make any material deviation, alteration, addition to or omission from the work shown and described in the contracts documents except without first obtaining the written consent of the Corporation.

v) The cost of individual work shall not exceed the sanctioned estimates as approved by the Corporation. Corporation's approval in advance shall be taken for any such increase anticipated giving full justification.

VIII. Time Schedule:

Commencement of Work

The commencement of the contract shall be considered from the date of signing of the agreement:	
Finalization & submission of Concept Structural and Civil Engineering drawings	2 Weeks
Submission of complete set of working drawings of Civil, Structural, Electrical, Water supply and plumbing	6 Weeks
Submission of Detailed Estimate, BOQ & Tender document for Selection of contractors	2 Weeks
Supervision of site and giving periodical instructions to the contractor and advice the client and also verify & certify bills of Contractor (One in two months and whenever required by the Corporation)	12 times
Preparation of as built drawings and service drawings After completion of work as clause {Item IV(b)}	1 Month

IX. The time allowed for carrying out the work, as specified in clause VIII. , shall be Strictly observed by the Structural Consultant and shall be deemed to be the essence of the Contract on the part of the Structural Consultant.

The work shall throughout the stipulated period of the contract, be processed with all diligence and in the event of failure of the Structural Consultant to complete the work within time schedule as specified above or subsequently notified to them, the Structural Consultant shall be liable to pay the Corporation compensation (not amounting to penalty) at the rate not exceeding 1% (one percent only) to the total fee of the Structural Consultant as per the contract per week of delay subject to maximum of 10% (Ten percent) of the total fee or such smaller amount as may be fixed by the Corporation.

X. Termination

The Corporation without any prejudice to its right against the Structural Consultant in respect of any delay or otherwise or to any claims or damages in respect of any breaches of the contracts and without prejudice to any rights or remedies under any of the provisions of this contract, may terminate the contract by giving one month's notice in writing to the Structural Consultant and in the event of such termination, the Structural Consultant shall be liable to refund the excess payment, if any, made to him over and above what is due in terms of this agreement on the date of termination and the Corporation may make full use of all or any of the drawings prepared by the Structural Consultants.

Termination of the Contract by the Structural Consultant shall be subject to levy of a suitable compensation by the Corporation, quantum of which shall be decided by the Corporation.

XI. ARBITRATION

In case of Any dispute or difference arising out of or its relation to the Agreement shall be referred to an Arbitrator , who may any of the officers of the Corporation to be appointed by the Director (Mktg.) or the Director (Finance) of the Corporation and the decision of the Arbitrator shall be final and binding upon the Parties hereto. The Arbitration will be governed by the Provisions of the Arbitration and conciliation Act 1996 or any statutory amendments or re-enactment thereof .The Structural Consultant will not be entitled to raise any objection to any such arbitrator on the ground that the arbitrator is an officer of Corporation or that he has to deal with the matters to which this contracts relates or that in the course of his duties as an officer of the Corporation. In the event of the arbitrator to whom the matter is originally referred being transferred or vacating his offices or being unable to act for any reasons, the Estate Officer shall designate another officer of the Corporation to act as arbitrator in accordance with the terms of the agreement. Such officer of the Corporation shall be proceeded with the reference from the point at which it was left by his predecessor.

It is also a term of this contract/agreement that no person other than the Estate Officer of the Corporation or a person nominated by him as aforesaid shall act as arbitrator hereunder.& the award of the arbitrator so appointed shall be final, conclusive and binding on all parties to the agreement, subject to the provisions of the Arbitration and Conciliation Act 1996 or any statutory modification or re-enactment thereof and the rules made there under and for the time being in for shall apply to the arbitrator proceedings under this clause. The venue of the Arbitration shall be Bhilwara Rajasthan.

The Structural Consultant shall continue to perform their duties with diligence notwithstanding the fact that a dispute has been referred to arbitration or any dispute or difference has arisen.

It is also the term of the agreement that if the Structural Consultant do not make demand for arbitration in respect of any item in writing within 90 days of receiving intimation from the Corporation that the final bill is ready for payment, the claim of the Structural Consultant will be deemed to have been waived and absolutely barred and the Corporation shall be discharged and released of all liabilities under the agreement in respect of this claims.

XII. Number of Drawings sets, etc. and Copy Right

All the estimates, details of quantities, detailed designs, reports and any other details envisaged under this Agreement, including drawing-architectural, structural, electrical, air-conditioning or other services (Internal & External) would be supplied by the Structural Consultant as indicated above, but not less than 5 sets of prints and one reproducible copy in A-1 size on Imperial size drawing sheets and tracing clots to the suitable scale as well invariably. All these drawings will become the property of the Corporation and it will have the right to use the same anywhere else. In that event, the Corporation will pay a royalty to the Structural Consultant on mutually acceptable basis. The drawing cannot be issued to any other person, firm or authority or used by the Structural Consultant for any other project. No copies of any drawing or document shall be issued to anyone except the Corporation and his authorized representative.

XIII. Guarantee:-

The Structural Consultant shall agree to re-design at their cost any portion of their engineering and design work, which due to failure on the part shall becomes defective within one year from the date of start of regular use of the portion of the work affected. The Corporation shall grant right of access to the Structural Consultant to these portions of the work claimed to be defectives for inspection. The Corporation may make good the loss by recovery from the dues of the Consultants in case of failure to comply with the above clause.

XIV. Determination or Recession of Agreement

The Corporation without any prejudice to its right against the Structural Consultant in respect of any delay by notice in writing absolutely may determine the contract in any of the following cases:-

i) If the Structural Consultant being a Company shall pass a resolution or the court shall make an order that the company shall be wound up or if a receiver or a manager on behalf of the creditor shall be appointed or if circumstances shall arise which entitle the court or credit or to appoint a receiver or a engineer which entitles the court to make up a winding order.

ii) If the Structural Consultant commit breach of any of the terms of agreement. When the Structural Consultant have made themselves liable for action under any of the clauses aforesaid, the Corporation shall have powers:

   a) to determine or rescind the agreement;

   b) to engages another Structural Consultant (s) to carry out the balance work debiting the Structural Consultant (s) the excess amount, if any, so spent.

XV. General

The Corporation may appoint Executing Agency for execution of the work. The Corporation/ Executing agency may issue instructions, if deemed necessary, to the Structural Consultant in respect of the work, and the Structural Consultant shall comply with the instructions and extend full cooperation/ coordination

with the Corporation/ Executing agency in the interest of successful completion of the work.

The scrutiny of the drawing and designs by the Corporation's own supervisory staff, if any, does not absolve the Structural Consultant of their responsibility under the agreement. The Structural Consultant shall remain solely responsible for structural soundness of the designs and for all provisions of the contract so as to satisfy the particular requirement of the Architectural specifications.

XVI. The Structural Consultant shall supply to the Corporation copies of all documents, instructions issued to Contractors, if any, relating to the work, drawing, specifications, bill of quantities and also other documents as may be required.

XVII. The Structural Consultant hereby agree that the comprehensive consultancy fee to be paid as provided herein (clause V) will be in full discharge or functions to be performed by him and no claim whatsoever shall be against the Corporation in respect of any proprietary rights or copy rights on the part of any other party relating to the plans, models and drawings. In case any discrepancy is found later on in Structural work due to which execution of the project work on the basis of Structural work is not possible the final payment shall be withheld.

The Structural Consultant shall indemnify and keep indemnified the Corporation against any such claims and against all costs and expenses paid by the Corporation in defending himself against such claims.

XVIII. The Consultancy fee shall not be subject to any escalation on any account whatsoever even for the extended period granted by the Corporation to the Contractor.

The Structural Consultant shall, however, be compensated actual expenses incurred during the extended period of contract, if construction period runs beyond twelve months of the completion period as per the construction contract.

XIX. All statutory deductions like Income Tax/Service Tax, GST etc. shall be deducted from the consultancy fee as per prevailing rules.

XX. The time allowed for consultancy services to the Structural Consultant shall be correspondingly extended due to delays on any account in completing the works. The Structural Consultant shall be expected to continue, to render their services till the completion of the works in spite of the delays caused. However, they shall not be entitled for any extra remuneration, etc. other than the agreed fees. All losses and damages to the Corporation including the determined claims or the contractors due to fault or delay caused by the Structural Consultant or their staff shall be compensated by the Structural Consultant. The damages shall be subject to confirmation by the Estate Officer of the Corporation.

XXI. The Corporation reserves the right to postpone or not to execute any work and the Structural Consultant shall not be entitled to any claim for non-execution of the work. In the event of suspension of work by the Corporation for any reasons and if the Corporation does not decide about the resumption of work within six months from the date of suspension, the remuneration for the quantum of services rendered by the Structural Consultant upto the date of suspension shall be paid by the Corporation in accordance with the schedule of payment as per clause V. If the services upto a certain stage had not been fully rendered by the Structural Consultant the remuneration shall be released proportionate to the services rendered upto that stage. On resumption of work the remuneration thus paid shall be adjusted against full remuneration allotted for that stage subject to completion of services pertaining to that stage.
