CORRIGENDUM – G&P Tender Dated -11.08.2025

Page No & Point No	Existing Clause	Revised Clause
Page no 15. Point no .viii Under Terms and Conditions and Page no.28. Under Agreement for engaging ginning and pressing factory for cotton season 2025-26 (Part E)	If any Central / State Government authority, APMC, or local authority restricts CCI for not assigning G&P job-work to a particular factory for any reasons, it shall be the responsibility of the G&P factory to obtain a "No Objection Certificate (NOC)" from the respective authority to enable CCI to assign jobwork.	If any Central/State Government authority restricts CCI for not assigning G&P job-work to a particular factory for any reasons, CCI will not assign job work till the matter is cleared by the respective factory and also "No Objection Certificate (NOC)" is obtained from the respective authority.
Page No.21 & 22 Part A Point no 3. (Note). Under Agreement for engaging ginning and pressing factory for cotton season 2025-26	During Cotton Season 2025-26, CCI will supply FAQ variety of kapas to the G&P factories for processing as per the quality parameters prescribed in the MSP guidelines, a copy of which is attached in the tender document and ginners can inspect the FAQ norms at the time of acceptance of kapas at the factory.	During Cotton Season 2025-26, CCI will supply FAQ variety of kapas to the G&P factories for processing as per the quality parameters prescribed in the MSP guidelines, a copy of which is attached in the tender document. The ginners will have a right to inspect the quality and if quality is not found as per MSP parameters the matter can be taken up with the respective CCI centre In-charge or Local Monitoring Committee constituted by the State. Incase, if the quality is found below MSP parameters, they will have right to reject that kapas.
Page no. 9 Point no.3&4. Under Allocation of Work. And Page No 26 Point no.3 &4. Under Allocation of Work.	3. In case of identical rates, CCI will finalize G&P Factories as L1, L2, L3, and so on, in order of the factories provided on exclusive basis to CCI and then on the weightage points secured by the factories. Thereafter non-exclusive factories would be finalized in the same manner, but will have in second priority i.e. after exclusive factory. If weightage is equal between two or more factories, L1, L2, and so on amongst such factories would be decided in the order of oldest date of establishment/incorporation. 4. In case G&P factories are engaged on exclusive basis, during processing of CCI stocks such factories will not keep / process its own or any third-party stock within the factory premise. However, if CCI is not able to provide adequate stocks for processing, in this situation the said condition will not be applicable.	In case of identical rates, CCI will finalise G&P factories in the order of L1, L2, L3 and so on, in the highest to lowest order of weightage point obtained in Part IV of the technical bid. Further, if weights are equal between two or more factories, then the factories would be engaged inthe order of oldest date of establishment/incorporation.

Page no 17. Point no .xxiv sub point no.6. Under Terms and Conditions. And Page no.29, point no 18, sub point f). Under agreement for engaging ginning and pressing factory for cotton season 2025-26 Part E- miscellaneous	In case of a factory engaged on exclusive basis, keep/process its own or private stock without prior approval.	To be treated as deleted
Page no 16. Point no.xi, sub point no.3 Under Terms and Conditions And Page No.21 Part A Point no 3. (Note). Under Agreement for engaging ginning and pressing factory for cotton season 2025-26	The Shortage% of the seed cotton purchased and processed in the factory shall be budgeted on realistic basis by the CCI officials but not more than 0.75% to 1.25% visible loss depending on local conditions plus expected moisture loss in processing of Kapas to bales.	The shortages during processing of kapas in the factories would be budgeted by CCI Centre In-charges on realistic basis depending on process and moisture loss.
All other tender terms are kept unchanged.
