Tender for Job Work of Ginning& Pressing (Non- Modern) for Cotton Season 2019-20

PART-I

1.	Name of the centre :		
2.	Full Name of the factory, Address with Pin code, Telephone/Mobile/ Fax Numbers E-Mail:-	_____ _____ _____ _____	
3.	Whether Factory is MSME or not : (Please tick (✓) whichever is applicable and if Yes, attach valid certificate and UAM Number is mandatory)	Yes	No
		UAM No. :	
4.	If MSME is women entrepreneur	Yes	No
5.	If MSME, whether under SC/ST category (if yes, Please attach concerned valid certificate)	Yes	No
6.	Category of Ginning & Pressing factory (Please tick (✓) whichever is applicable)	i) Modernised composite Ginning & Pressing factory through TMC assistance and certified by Textile Committee. Please tick (✓) Star Rating: I II III IV V ii) Modernised composite Ginning & Pressing factory other than TMC assistance and certified by Textile Committee. Please tick (✓) Star Rating: I II III IV V iii) Modernised composite Ginning & Pressing factory through TMC assistance. iv) Modernised composite Ginning & Pressing factory other than TMC assistance. v) Conventional/Non Modern Ginning & Pressing factory.	
7.	Whether Factory is registered under Better Cotton Initiative (BCI) or not: (Please tick (✓) whichever is applicable and if Yes, attach valid certificate)	Yes	No
8.	Constitution – Company / Partnership / Sole Proprietary		
9.	Name of the Directors/partners and their occupation.	1. _____ 2. _____ 3. _____	

10.	Name and address of the sister concern, if any.	_____
11.	Name of Proprietor or Active Partner.	_____
12.	Name of Factory Manager/Other Responsible person, if any alongwith Tel. No.	_____ _____
13.	P.F. Code No.(Please attach certificate issued by Regional Provident Fund Commissioner)	_____ _____
14.	PAN from Income Tax Department (Please attach Photocopy)	_____
15.	GST Registration No. (Please attach GST Registration Copy)	_____
16.	Whether factory has sufficient Managerial, Supervisory & Technical staff	Yes / No

17.	Details of processing of bales during last three years	2016-17	2017-18	2018-19
	i) For CCI			
	ii) Own			
	iii) Other parties			

18.	Details of Processing capacity of factory and to be offered to CCI	Type	Machines		Production of bales of allotted capacity		Exclusive/Turn Basis*
			Total	Offered to CCI	Per week	Per month	(Days in a week)
		Double Rollers					
		Pressing					
	*If turn basis then number of bales of CCI stock which will be pressed per month						

19.	Details of Fire Accidents in the factory for the last three years	Sr. No.	Particulars	2016-17		2017-18		2018-19	
				No.	Loss	No	Loss	No.	Loss
		(i)	Fire Accidents in open compound						
		(ii)	Fire Accidents in Gin. House						
		(iii)	Fire Accidents in Press House						
		(iv)	Fire Accident in Godown / Barracks						

20.	Details of Heap/ Platforms/ sheds/ barracks/ godowns available in factory to		Availability		Allotment to CCI	
			No.	Capacity	No.	Capacity
		Heap Platforms				

	be offered to CCI free of cost	Sheds				
		Barracks				
		Pallahouse				
		Godowns				

21.	Classification of the factory as Per Insurance tariff rules.		
22.	Banking Details For Net banking/RTGS/ NEFT Details:	Name of the Account Holder	
		Name of Bank	
		Bank Account Number	
		IFSC Code	
23.	EMD Details:	Instrument No.(DD/P.O):	
		Name of Bank:	
		Amount:	

PART-II

MINIMUM STANDARDS REQUIRED FOR ENGAGEMENT OF **NON-MODERN** G & P FACTORY:

Sr. No	Item	Minimum Requirements	Availability in G&P Factory. (Please tick (✓) whichever is applicable).
1	**Ginning Machines**	12 DRs of normal size / 11 extra-long DRs/ 9 Jumbo DRs with Auto feeder	Available ☐ Not- Available ☐
2	**Kapas Conveyor System**	Mechanical / Pneumatic Conveyor with Stone Catcher from Heap to individual Gins. Central Platform system not permitted unless it exists already.	Available ☐ Not- Available ☐
3	**Lint Conveyor System**	Mechanical / Pneumatic Conveyor/ Palli or Bora System (Manual) I. From Gin to Pala hall & subsequently from Pala Hall to Press by Mechanical / Pneumatic Conveyor. II. From Gin to Pala hall by Mechanical / Pneumatic Conveyor & subsequently from Pala Hall to Press by Palli or Bora System (Manual) III. From Gin to Pala hall by Palli or Bora System (Manual)& subsequently from Pala Hall to Press by Mechanical / Pneumatic Conveyor IV. From Gin to Pala hall & subsequently from Pala Hall to Press or directly from Gin to Press hall by Palli or Bora System (Manual)	Available ☐ Not- Available ☐
4	**Bale Press**	Single stage oil hydraulic, auto tramping Bale Press with Lint Slide and Pusher mechanism for direct feeding of lint into the press box. Conventional water hydraulic, two-stage presses without auto tramping facility will, however, are permitted if they already exist.	Available ☐ Not- Available ☐

5	**Conveyor for Seed**	Automatic Conveyor from gins to Seed Platform	Available ☐ Not- Available ☐
6	**Fire Fighting System**	Overhead tank/ sump/ Borewell/ Well (with adequate water storage capacity) with a minimum of 6 hydrants strategically located, hose pipes with nozzles and a stand-by diesel pump besides an electric pump.	Available ☐ Not- Available ☐
7	**Underground Wiring**	All high tension and low tension wires/cables to be under-ground	Available ☐ Not- Available ☐
8	**Weigh Bridge**	Capacity: 20 tons/ 5 tons depending on local needs (Not required if the facility is available nearby)	Available ☐ Not- Available ☐
9	**Pucca Platform for Kapas**	Raised pucca platform with a minimum of 5,000 sq. ft. area.	Available ☐ Not- Available ☐
10	**Covered Storage Space for Lint**	Pucca/ Semi Pucca Space in the range of 1000-2000 sq. ft area	Available ☐ Not- Available ☐
11	**Seed Platform**	Raised, platform of minimum 1000 sq. ft. area.	Available ☐ Not- Available ☐
12	**Bale Storage Space**	Pucca/Semi Pucca Platform adjoining Press Hall and admeasuring a minimum area of 600 sq. ft.	Available ☐ Not- Available ☐
13	**Road**	Pucca/Semi Pucca Road with at least 10 ft. width	Available ☐ Not- Available ☐

14	**Boundary Wall/ Fence**	Wires mesh fence or barbed wire fence with less than 1 ft. gap between wires, or masonry wall, all of a minimum height of 6 ft.	Available ☐ Not- Available ☐
15	**CCTV Cameras in G&P Factory at given locations**	Location of CCTV Camera in G&P Factory: 1. Factory Weighbridge 2. Path from weighbridge to factory entry gate 3. Entry gate 4. Kapas Platform 5. Gin Hall 6. Press Hall 7. Exit Gate	Available ☐ Not- Available ☐
***If CCTV is not available at the time of tender the G & P unit will have to ensure that the requirement is fulfilled before engagement of the factory.**			

PART-III

1. **Scope of Work:**

All work commencing from unloading of kapas for processing in the factory to loading of F.P bales for dispatching to CCI hired Godowns including sample cutting i.e. 2 samples to be drawn from each lot of 100 bales. The detail of the work to be carried out in the factory is as under:

For Ginning:	**For Pressing:**
Providing of required number of labourers for all stages of work beginning from unloading of kapas upto gin house and inter-alia the following stages of work in the course of ginning: i) Unloading of kapas received from mandi to heaping of kapas (including all work related to tangliwala, cleaning and grading of heap & its surroundings, picking of nearby scattered kapas etc.). ii) In case, kapas weighment is done in factory, then unloading of palli from palli kanta / weighing scale (including tying of palli) to heaping of kapas (including all work related to tangliwala, cleaning and grading of heap & its surroundings, picking of nearby scattered kapas etc.). iii) All work related to jaffri (including grading, cleaning & chugai, picking of foreign partilces, khokhri, yellow pickings, and other contaminants and misc. etc. from heaps). iv) Carrying of graded kapas from the grading hall/heap to gin hall. v) Feeding of kapas to the gins. vi) Cleaning of lint, filling into the lint boras, weighment of lint boras if any, and stacking of boras. vii) Picking of roll touch and yellow picking from the lint at the time of ginning. viii) Transportation of lint to the press hall and in case of Ginning unit only – to Press Hall of pressing factory at the same centre or another centre. ix) Carrying of seeds from the gin hall to seed godown.	Providing of required number of labourers for mixing as well as cleaning of lint before feeding in the opener and pressing of bales with standard weight of 170 kg net lint with tolerance limit of +/- 5 kgs for all months except during March to June when the tolerance shall be of +/- 7 Kgs. ,fully covered with new iron hoops(18/19 gauge, 1/2" width) / polyester strappings (width 19.05 mm, thickness 1.02 mm , conforming to type II of IS 15559:2004, colour green) to be arranged by the factory and with 100% cotton cloth (20X20 count, 48X40 R&P, 127 cm width, weight 122 gms per Sq.Metres) to be arranged by corporation/ G&P factory, with stitching and covering of bales from all sides including top and bottom, besides handling of lint stocks beginning from opening of lint boras/boundaries till loading of bales for dispatching in godowns after marka and weighment and inter-alia the following stages of work in the course of pressing of lint into cotton bales: i) Unloading, carrying and stacking of the lint boras from within the factory or to be received from outside. ii) Carrying and opening of lint in the lint hall. iii) Picking of sutli from lint boras and cleaning of boras by picking of lint from boras completely. iv) Pala making v) Feeding of cleaned lint into the press box. vi) Removing of bales from press platforms to stacking point. vii) Weighment of bales/ rechecking of weight by CCI officials.

x) Sweeping of lint in ginning hall, picking of kapas boras from heap to gin hall and removing gin waste and miscellaneous items etc. to storing points. xi) All work related to Cotton seed including removal of cotton seed from near the berm to provide sufficient space for storage of seed, collection and cleaning of scattered cotton seed and cleaning of cotton seed from khokhri. xii) Weighment of lint if required. xiii) Loading & Unloading of Corporation's miscellaneous stock such as tarapaulin, pallis, grey cloth etc. in factory. xiv) Maintenance of tarapaulins, pallies, grey cloth etc. of Corporation. Covering & uncovering of kapas, bales & cotton seed of CCI with tarapaulins on regular basis. Also, at the end of the season handing over all the tarapaulins & pallis to the Centre Incharge of CCI. xv) Any extra labour required to be deployed in the case of ginning of kapas and in emergencies and natural calamities like rain, lightening, thunder, cyclone etc.	viii) Marking of bales. ix) Sample cutting (2 each per lot of 100 bales). x) Loading of bales in vehicles from press platform for storage of bales in godowns. xi) Any extra labour required to be deployed in the course of pressing of bales and in emergencies and natural calamities like rain, lightening, thunder, cyclone etc.

If situation requires on need basis the following works has to be done:

Filling, Stacking, De-stacking, Weighment of Cowdy / Ginjump, Empty lint bora re-stiching, Re-heaping of kapas heap, Re-heaping of cotton seed heap, Turning over of Cotton bales, coverage of Kapas, seed, bales by tarpaulins.

Terms and Conditions for Job Work of Ginning & Pressing for Cotton Season 2019-20

1. The tender form duly filled in, all respects and signed by the Authorized Signatory, should be submitted in a sealed cover inscribed "**Ginning and Pressing tender for cotton season 2019-20 "** within the stipulated time and date. Tender forms received after the stipulated time and date will not be considered.

2. Tenderers will have to deposit **Rs.50000/- (Rs. Fifty thousand only) as EMD** by way of DD/P.O drawn in favour of "THE COTTON CORPORATION OF INDIA LTD" payable of any Nationalized /Scheduled Bank. The firms which come under MSME and are registered with MSME authorities are exempted from tender fees and EMD on production of valid MSME certificate along with Technical bid. No interest will be paid on EMD and EMD will be refunded after satisfactory completion of work.

3. All columns in the tender form should be filled in clearly and legibly. Tender form found as incomplete in any respect, may be rejected at the discretion of the Corporation.

4. Mere submission of the tender form does not entitle any factory to be engaged by the Corporation.

5. L1 factory shall be considered for hiring provided they meet the minimum standards required as per the tender terms. When more processing facility is required at the centre then on need basis the L2/L3/L4 & so on factory could be engaged provided they agree at the rates of L1.
   G & P Rates being the same, the Corporation will consider hiring of ginning and pressing factories in the following order of preference:

a) Modernized composite ginning & pressing factory through TMC assistance and certified by Textile Committee.

b) Modernized composite ginning & pressing factory other than TMC assistance and certified by Textile Committee.

c) Modernized composite ginning & pressing factory through TMC assistance.

d) Modernized composite ginning & pressing factory other than TMC assistance.

e) Composite G&P factories in MSEs / Co-operative sector / other institutions.

f) Composite G&P factories with track record of good performance.

g) G&P factories willing to give their full capacity on exclusive basis to CCI.

Note:

1. Online Modern Factories, factories having power supply through express feeder and the Factories having diesel generator sets shall have added advantage.

2. G&P Factories must obtain fire safety certificate from the concerned authorities of Punjab Govt.

6. The engaged G&P factory shall have to give minimum lint% and maximum trash % / shortages as follows :

B.O	Month	Minimum Lint%	Maximum Trash%	Max Shortages%
Bhilwara	October	33.00	4.00	2.75
	November	33.00	4.00	2.75
	December	33.50	4.00	2.50
	January	34.00	4.00	2.25
	February	34.50	4.00	2.00
	March	34.80	4.00	1.75

The corporation shall reserve the right to inspect the above parameters through its visiting officers and improvement if any, in this will have to be agreed by the G & P factory for further purchases and concerned heaps.

Note:

i) Above parameters is for kapas purchase up to 12% moisture content.
ii) In case purchases continue after month of March, then minimum lint % should be increased by 0.50%.
iii) Moisture content in processed FP bales should not exceed 8%.
iv) In case minimum lint % is not achieved deductions will be made based on the padta of concerned heap of CCI for reduced lint quantity.
v) In case maximum shortages are exceeded deductions will be made as per kapas rate of exceeded shortage quantity.
vi) In case maximum trash % is exceeded deductions will be made based on the padta of concerned heap of CCI on exceeded trash quantity.
vii) In case maximum moisture % increases deductions will be made based on the padta of concerned heap of CCI of exceeded moisture %.
viii) Shortages will include cowdy kapas, gin jump or any other miscellaneous items.

7. The factory should also ensure that there are no yellow pickings, cut seeds / full seeds etc. in the bales processed by them. In case lint % is less and trash % is more than prescribed limits proportionate recovery will be made based on the padta of concerned heap of CCI, as decided by the corporation, from ginner's bills, security deposit/EMD.

8. The Moisture content in FP bales after processing should not exceed 8%. In case more than prescribed limits proportionate recovery will be made bases on the padta of concerned heap of CCI, as decided by the corporation, from ginner's bills, security deposit/EMD.

9. In the event of Corporation finalizing to hire the ginning and pressing capacity, the concerned factory will have to enter into an agreement with the Corporation in the prescribed form with acceptance of all its terms and conditions. The factory will also submit a copy of partnership deed/ memorandum of article/ memorandum of association as the case may be.

10. The tenderer will have to comply with any subsequent amendment of law / gazette notification given by Govt of India.

11. In case the L1 tenderer refuse to work at the rates quoted by him, such factories shall not be awarded any work for at least one year i.e. next cotton season.

12. All the pages of the Tender Form as well the Terms & Conditions should be signed by the factory owner.

13. **P.F Code No, PAN No and GST No.** is mandatory. The photocopies of all the Certificates must be attached with Technical Bid.

14. In case, Bidder has any query about the bidding conditions and/or bidding process - may seek comments from the Branch Office. Further in case, if any bid is rejected or a tender document is not issued to prospective Bidder - may seek the reasons for rejection from Branch Office.

DECLARATION

I/We hereby confirm that the above clauses have been read and noted and we agree to abide by all the above Terms and Conditions.
