    - Sand buckets @ 03 per shutter.

12. **Vacating of godowns: The rent shall be applicable on per bale basis till the entire stock of the corporation is vacated from the godown. The godown shall be vacated at any time during the contract period without prior notice.**

13. The godown should have facilities such as **office, watchman, weighbridge** and all other facilities as may be required for the purpose of storage of the bales. It is agreed and clarified that the godown owner shall not levy any charge for such facilities by way of rent or otherwise and no such charges whatsoever shall be payable by CCI for providing such facilities. Weighment of CCI stocks will be done at the weighbridge free of cost.

14. The godown should have **proper pakka approach road** for easy movement of container trucks in between the godown compartments for movement of 40ft containers for loading during export purpose.

15. At the time of agreement, Godown owner should give **undertaking** that there will be no interference from local Truck association / anti social elements or any other disturbing elements at their godown premises which may hamper smooth dispatch of F.P.Bales/CCI Stock.

16. Godowns should have **CCTV cameras** at all the important points such as entry and exit points with atleast one month back up facility. The godown owner should ensure that there are no electric installations such as wires, circuits inside the godowns in a manner which would affect the safety of CCI's stocks inside the godowns.

17. Proper stacking plan should be attached along with the tender mentioning each lot of 100 bales lot stacking and number of bales that can be stored. The stack should not be more than

7 stack height. However, the stacking plan shall be as finally decided by CCI representative. At least 2 ft gap should be left in between the lots and while preparing stack plan, godown owner should prepare the stack plan by considering the gap between the lots. The stacking plan should be prepared by ensuring that a gap of 2 feet is maintained from the wall to each lot and also 2 feet gap in between each lot. No lots should be stacked near the shutters. If any wrong stacking is done in violation of the above norms, then the same lots would be re stacked at the owners risk and cost.

18. The godown should have **adequate and proper arrangements for water storage** and **continuous water supply** to the scheduled property and also make bore-well arrangements duly fitted with working power water pumps to facilitate proper fire fighting operations in case of need and also keep ready all other fire fighting arrangements / equipments which may be required in case of any emergency.

19. There should not be **electric connections** in the godowns. While engaging the godowns, the godown owner should obtain a certificate from local electrical department (A.E/D.E) mentioning that all the electrical wires are disconnected and there is no electricity inside the godowns. The certificate should be submitted to the Corporation at the time of engaging the godowns. If CCTV is not available at time of tender the Godown owner will have to ensure that the requirement is fulfilled before agreement of the godown.

20. There should not be any **water leakages** inside the godown and if any damage to the stock occurs due to water leakages then the same shall be liable to be recovered from godown owner/management. In case of any repair required for the godown, the same should be repaired without any delay. All the windows of the godowns should be closed from inside without any holes or scope of entry. All the ventilators (upper side and windows) should be sealed properly with meshes so that no birds such as pigeons shall enter inside the godowns. In case any such deficiency is observed, the godown owner is liable to bear the penalty as imposed by the Corporation. The loss caused to the Corporation's stock will be recovered from the godown owner/management/service provider.

21. The godown owner should provide **dunnage material** free of cost prior to stacking of bales so that the lower layer of bales does not get affected by dust/water.

22. Sufficient **Trolleys** and adequate arrangements for the weighment of the goods of CCI should be made by the godown owner and he shall also maintain adequate number of weighing scales duly certified by the Weights & Measures Department of the Government.

23. The godown owner shall bear and pay regularly the lease rent, if it is on lease land revenue, property tax, non agricultural tax and/or other taxes and outgoings payable with respect to the scheduled property and shall ensure that no such taxes/outgoings shall remain in arrears at any point of time. Further, the godown owner hereby agrees and undertakes to keep the scheduled properly during the pendency of this agreement free from all encumbrances, claims and demands of whatsoever nature.
24. Insurance of stocks shall be covered by the Corporation and the godown owner will ensure and keep the scheduled property insured during the period of this agreement at their own costs and expenses and shall give a copy of Insurance Policy and renewals thereof to the CCI for its record. In case of any mishap the Corporation will not be liable to make good the losses if any to the godown.

25. The lock & key of the godowns shall be under the custody of CCI. In case of management under CWC, Lock & Key would be under the custody of CWC Management.

26. The godown shall be hired on the basis of requirement, its cost effectiveness and after inspection for suitability of storage of Corporation's stocks and the decision taken in this regard by the Corporation shall be final and binding on all.

27. Before engaging the godown, survey will be done by CCI officials. Only after the godown is found to be satisfactory in the survey, then only agreement will be made with the godowns which are found to be satisfactory.

28. Godown owner/management should have their own hamalies or they should ensure that sufficient hamalies remain available at godown premises for Corporation's work. The Corporation will engage the labour contractor for jobwork at hired godowns for handling of bales in due course.

29. In case the godown owner is the **labour contractor for the godown,** then the loading rates for CCI buyers will be the same as that of the rates of F.P bales quoted by the labour contractor for CCI and there should not be any escalation in the F.P bales loading rates for the CCI buyers.

30. The godown owner shall ensure that the job work contractor to take worker's insurance policy with the Insurance Company by paying premium and they shall not claim any amount on account of this from the Corporation. Corporation is in no way responsible for any accident, during the contract period and the job work contractor/ Godown owner will also not claim any compensation for the same from the Corporation.

31. For godowns lacking in any of the required infrastructural facilities, necessary deductions would be made as applicable.

32. The godown owner shall have to follow all the acts/ rules applicable in the State of Telangana pertaining to warehouses and the Corporation will be not responsible for any violation of the same.

33. The godown owner has to enter into an agreement on Rs.100/- non judicial stamp paper after confirmation by the Corporation. The agreement shall commence in force from the date the Corporation enters into possession of the schedule property for storage of its bales and shall terminate immediate on the next day of final delivery of goods of the schedule property. The godown shall be vacated at any time during the contract period without prior notice.

34. CCI reserves its right to accept or reject partly or fully any or all tenders without assigning any reason thereof, but on enquiry reasons for rejection of tender will be informed.

35. The person who participated in earlier tender dated 19.07.2019, 14.11.2019 & 25.11.2019, 14.12.2019, are not required to participate in this tender again.
